Image and document management system for content-based retrieval

US Pat. 5987459 - Filed Mar 14, 1997 - Regents of the University of Minnesota

Image retrieval is **based** overlap between the two superblock regions of FIG. the **probability** and query **probability assigned** to each ...

Content-based similarity retrieval system for image data

US Pat. 6834288 - Filed Apr 13, 2001 - Industrial Technology Research Institute

Let the **probability** distribution function of feature ff be $p(f, -)$, ... Results of the **content-based retrieval** method according to a preferred embodiment of ...

Information embedding based on user relevance feedback for object retrieval

US Pat. 6347313 - Filed Mar 1, 1999 - Hewlett-Packard Company

Content-searchable image database management systems often use an approach **based** on search-by-explicit queries, in which the user must provide some ...

Method and apparatus for computing the similarity between images

US Pat. 6718063 - Filed Dec 10, 1999 - Canon Kabushiki Kaisha

Automated **content-based retrieval** can be achieved by either the automated ... which depends on the **probability** of the labels being correctly **assigned** for ...

Relevance maximizing, iteration minimizing, relevance-feedback, content ...

US Pat. 7111002 - Filed Apr 26, 2004 - Microsoft Corporation

55 This technique is employed, for example, by the MARS system, as described in Rui, Y., Huang, TS, and Mehrotra, S. "**Content-Based Image Retrieval** with ...

Method for detecting sky in images

US Pat. 6504951 - Filed Nov 29, 1999 - Eastman Kodak Company

IEEE Intl. Workshop on **Content-based** Access of **Image** and Video Database, ... sky detection can also lead to more effective **content-based image retrieval**. ...

Perceptual similarity image retrieval method

US Pat. 6563959 - Filed Jul 30, 1999 - Pixlogic LLC

Probability of a contour crossing a given cell is to be calculated **based** on ... Thus, when all intervals are **assigned** to a certain group (spot) the ...

System and method for determining image similarity

US Pat. 6826316 - Filed Mar 2, 2001 - Eastman Kodak Company

The skin region classification is **based** on maximum **probability** 5 according and feature-based similarity **retrieval** strategies of a **content-based image** ...

Automated image interpretation and retrieval system

US Pat. 7065250 - Filed Sep 15, 1999 - Canon Kabushiki Kaisha

Furthermore, the **image retrieval** system can be represents a description ...

the **content** of the frame, or implemented without the costly requirement of ...

Method and system for automated grouping of images

US Pat. 6993180 - Filed Sep 4, 2001 - Eastman Kodak Company

Other schemes use a **content-based** approach to test **image** similarity. ... is one of **image retrieval**, that is, finding similar images from an **image** database. ...
